Our Story

At the Jackson Hole Historical Society and Museum (JHSM), we envision a community brought together, enriched, and strengthened by compelling connections to the history and legacy of Jackson Hole. JHSM tells the stories of Jackson Hole that connect people to the history of this valley and region. We steward and share artifacts and ideas that foster curiosity and continual learning, forge connections, and inform our 21st century dialogue.

Founded in 1958 by collector and western history buff, Slim Lawrence, along with his friend and local businessman, Homer Richards, we are a nonprofit 501(c)3 museum, archive, and educational center providing resources on the last 11,000+ years of human presence in the Tetons. Jackson Hole history has shaped the contemporary local community, while also influencing regional, national, and international communities.

JHSM has reached an exciting moment in its lifespan. We have a bold vision to create a new permanent home for our history in the heart of downtown Jackson. We are designing and building a new History Museum on the Block that will be a lasting landmark to showcase what makes Jackson Hole unique; a cultural center that brings people together to listen, explore, and learn. A place where these stories, and ones still in the making today, are told and where Jackson Hole history is carried forward for generations to come.

Anti-Discrimination Policy and Commitment to Diversity, Equity, and Inclusion

JHSM seeks individuals of all ethnic and racial backgrounds to apply for this position. We are committed to maximizing the diversity, equity, and inclusion in our organization, as we want to engage all those who contribute to this effort.
